

1 Identification of the mixture/substance and of the company

1.1 Product identifier

Trade name: **Duropont modelling liquid, protective coating, paste thinner**

Article number: Article number starting with F61, F64, F62, F54

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses: Light-curing lab composite

1.3 Details of the supplier of the safety data sheet

Manufacturer/Supplier:

Novodent Ets.
Industriestrasse 32
9487 Benden
Principality of Liechtenstein

Tel: +423 377 15-00, Fax: +423 377 15-09, Email: msds@novodent.com

1.4 Emergenx telephone number

+423 377 1500 (Novodent Ets.)

2 Hazards identification

2.1 Classification of the substance or mixture according to (EC) Nr. 1272/2008

All.irrit H317

2.2 Labelling according to regulation (EC) Nr.1272/2008

Pictograms and signal word

Signal word: Warning

Hazard-determining components of labelling:

Urethandimethacrylat

Hazard statements

H317 May cause an allergic skin reaction.

Precautionary statements

P101 Keep out of reach of children.

P280 Wear protective gloves / protective clothing / eye protection / face protection.

P262 Do you not get in eyes, on skin, or in clothes.

P501 Dispose of contents / container in accordance with local regional regulations

P333 If skin irritation or rash occurs:

P313 Get medical advice / get medical attention.

Additional advice on labelling

Medical devices as defined in Directive 93/42/EEC and which are invasive or used in direct physical contact with the human body, are exempted from the provisions of Regulation (EC) No 1272/2008 (CLP/GHS) usually if they are in the finished state and intended for the final user.

2.3 Other hazards

Dust generation

Particular danger of slipping on leaked/spilled product.

**3 Composition / information on ingredients****3.1 Substances**

This product is a mixture

3.2 Mixtures: Composition / information on ingredients

CAS Nr: 9011-14-7	Urethandimethacrylat <u>Classification according to regulation (EC)Nr.1272/2008</u> Eye.irrit.2 H319, Skin Sens.1 H317, Aquatic Chronic 3 H412;	<90 %
-------------------	---	-------

4 First aid measures**4.1 Description of first aid measures:****General information**

In case of occurrence of health disorders doctor.

After inhalation

Supply fresh air and to be sure call for a doctor.

After skin contact

Rinse with wather. If skin irritation continues, consult a doctor.

After eye kontakt

Rinse open eye for several minutes under running water. If symptoms persist, consult a doctor.

After swallowing

Rinse out mouth and then drink plenty of water. If symptoms persist consult a doctor.

4.2 Important acute and delayed symptoms and effects

Nothing is known.

4.3 Indication of any immediate medical attention and special treatmen

No further relecant information available.

5 Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media

CO₂, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

For safety reasons unsuitable extinguishing agents

No

5.2 Special hazards arising from the substance or mixture

No

5.3 Advice for firefighters

No

6 Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Use protective equipment as per section 8. Avoid formation of dust

6.2 Environmental protection

Do not allow to enter sewers/ surface or ground water.

6.3 Methods and material for containment and cleaning up

Pick up mechanically.

6.4 Reference to other sections

See section 7,8 for information on personal protection equipment and safe handling.

7 Handling and storage

7.1 Precautions for safe handling

Advice on safe handling

Only adequately trained personnel should handle this product. For use in dentistry only

Information about fire and explosion protection

No special measures required.

7.2 Condition for safe storage, including any incompatibilities

Requirements for storage rooms an vessels

No special measures required.

Advice on storage compatibility

Store only in original receptacle.

Further information on storage conditions

Protect from heat and direct sunlight.

Storage class VbF

Not applicable

7.3 Specific end use(s)

For more information, please refer to our instructions for use.

8 Limitation and supervision of exposure / personal protective equipment

8.1 Control parameters

Components with worplace control paramenters to

The product does not contain any relevant quantities of materials to be monitored with workplace Limits

8.2 Exposure controls and personal protection

Additional information about design of technical plant

No further data, show section 7

Additional note

The list valid during the making serve as a basis.

Personal protective equipment

General protection and hygiene measures

Usual hygienic measures for dental practice. Keep away from foodstuffs, beverages and feed.

Wash hands before breaks and at the end of work. Avoid contact with the skin and eyes.

**Respiratory protection**

No

Protection hands

Disposable gloves butyl rubber, layer thickness 0,7mm, permeation (min) >480

Disposable gloves nitrile rubber, layer thickness 0,4mm, permeation (min) >120

The exact break trough time has to be requested from the protective hemp shoe manufacturer and must be observed.

Eye protection

When grinding use safety glasses with side-shields conforming EN 166:2001

9 Physical and chemical properties**9.1 Information on basic physical and chemical properties****Form:** Paste**Farbe:** According to product specification**Smell:** Characteristic**Value / Unit method****Change in condition****Melting point / Melting range**

not determined

Boiling point / Boiling range

not determined

Flash point:

>200°C (392°F)

Self-igniting:

Product ist not selfigniting

Explosion limits:

Product does not present explosion hazard

Density:ati 20°C (68°F) 1,3g/cm³**Solubility in / Miscibility with water**

insoluble

Solvent content: organic solvent:

0,000 %

Solids content:

not determined

9.2 Other information

No

10 Stability and reactivity**10.1 Reactivity**

When used as directed, there is no decomposition

10.2 Chemical stability

Stable under normal handling and storage conditions.

10.3 Possibility of hazardous reactions

No dangerous reactions known.

10.4 Conditions to avoid

Avoid exposure to light

10.5 Incompatible materials

No further information available.

10.6 Hazardous decomposition products

No

11 Toxicological information

11.1 Information on toxicological effects

There are no toxicological findings to the mixture.

Irritation

May irritate the skin

Corrosivity

No

Sensitization

Skin contact may sensitization.

Repeated dose toxicity

Not tested

Carcinogenicity

Not tested

Mutagenicity

Not tested

Reproductive toxicity

Not tested

More information

The product shows the following dangers according to the calculation method of the General EU Classification Guidelines for preparations as issued in the latest version: irritant

12 Ecological information

12.1 Toxicity

No

12.2 Persistence and degradability

No further relevant information available.

12.3 Bioaccumulative

No further relevant information available.

12.4 Mobility in soil

No further relevant information available.

12.5 Results of PBT and vPvB assessment

Not applicable.

12.6 Other adverse effects

No data available.

13 Disposal considerations

13.1 Waste treatment methods

Recommendation

Take to an approved landfill or waste incineration plant, under conditions approved by the local authority.

Waste key

20 01 39 Acrylics

Packaging

Contaminated packaging

Disposal according to official regulations

Open rinsed packaging

Disposed in household waste

14 Transport information

14.1 UN-Number

Not applicable

14.2 Properly UN shipping name

ADR-RID Land transport

Not applicable

IMDG-Code Maritime

Not applicable

ICAO-TI / IATA-DGR Air transport

Not applicable

14.3 Transport hazard class

Not applicable

14.4 Packaging group

III (Substances presenting low danger)

14.5 Environmental hazards

No further relevant information available

14.6 Special precautions for user

Show section 6-8

14.7 Transport in bulk

Not applicable

15 Legislation

15.1 Safety, health and environmental regulations / legislation specific

Labelling according to EU guidelines

The product is not subject to classification according to the calculation methods of the "General Classification Guideline for Preparations of the EC" as issued in the last version. The Product is not subject to identification regulations under EC Directives and the Ordinance on Hazardous Materials /GefStoffV). Observe the normal safety regulations when handling chemicals.

National regulations

Employment restrictions VbF

Not applicable

Water hazard class

No

15.2 Material safety assessment

The mixture was not subjected to safety assessment

16 Other information

The product is a medical device according to the EC-directive 93/42/EEC

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
